

## WINGS CFI Forum: Watch your Tail, Ice is not Nice!!!

Yes, ice can affect us here in North Texas! We are not immune! All it takes is a little altitude, some moisture in the air, and the right temperature. Learn more about potential icing hazards, especially "tailplane icing," and get some good info to teach your students about this important weather phenomenon.

**Directions:** The airport is east of 360 and north of I-20 on Great Southwest Parkway between Arkansas Lane and Mayfield Road. Conference Room is in the Terminal Building.

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
